- **Car Body Cover XL (572x203x121cm)**

APP No. 070816

APP Car Body Cover is made from high quality advanced ecological PEVA material (Polyethylene and Vinyl Polymers). It ensures total protection against water and UV radiation. It is purposed for use both in interiors and exterior, and in particular it is recommended for use in high dusting environment.

Application:

- Protects against adverse weather conditions e.g. rainfall, snowfalls, freezing and UV radiation.

- Protects against animal excrement, tree resins and pollen.

- Prevents humidity accumulation, does not get stiff due to freezing, is waterproof, is friendly for a top coat and is breathable.

- Fitted with ribbing at front and back part that ensure adherence to car body.

- Light weight and handy bag.

Dimensions:

XL size (533x178x119cm)

XXL size (572x203x121cm)

Colour:

Silver

Weight:

XL-1.44kg
